The board of directors (the “Board”) of Ares Management Corporation, a Delaware corporation (the “Company,” “Ares,” “we,” “us” or “our”), has prepared this document to solicit your proxy to vote upon certain matters at the Company’s 2020 Annual Meeting of Stockholders (the “Annual Meeting”).

These proxy materials contain information regarding the Annual Meeting, to be held on June 11, 2020, beginning at 11:00 a.m. Eastern Time at the offices of Kirkland & Ellis LLP, 601 Lexington Avenue, New York, NY 10022, and at any adjournment or postponement thereof. As permitted by the rules adopted by the Securities and Exchange Commission (the “SEC”), rather than mailing a full paper set of these proxy materials, we are mailing to many of our stockholders only a notice of internet availability of proxy materials (the “Notice”) containing instructions on how to access and review these proxy materials and submit their respective proxy votes online. If you receive the Notice and would like to receive a paper copy of these proxy materials, you should follow the instructions for requesting such materials located at www.proxyvote.com.

QUESTIONS ABOUT THE ANNUAL MEETING AND THESE PROXY MATERIALS

It is anticipated that we will begin mailing the Notice, and that these proxy materials will first be made available online to our stockholders, on or about April 21, 2020. For those stockholders receiving paper materials, it is also anticipated that we will begin mailing this proxy statement, the proxy card, and our 2019 Annual Report on Form 10-K (the “Annual Report”) on or about April 23, 2020. The information regarding stock ownership and other matters in this proxy statement is as of April 13, 2020 (the “Record Date”), unless otherwise indicated.

What may I vote on?
You may vote on the following proposals:

- the election of directors for one-year terms expiring at the 2021 Annual Meeting of Stockholders once their respective successors have been duly elected and qualified, or until their earlier resignation or removal (“Proposal 1”); and
- the ratification of the appointment of Ernst & Young LLP (“Ernst & Young”) as our independent registered public accounting firm for our 2020 fiscal year (“Proposal 2”).

THE BOARD RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED HEREIN AND FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR OUR 2020 FISCAL YEAR.

Who may vote?

Stockholders of record of our Class A common stock, par value $0.01 per share, our Class B common stock, par value $0.01 per share, and our Class C common stock, par value $0.01 per share, at the close of business on the Record Date are entitled to receive the Notice and these proxy materials and to vote their respective shares at the Annual Meeting. The Record Date for determination of stockholders entitled to vote at the Annual Meeting is the close of business on April 13, 2020. As of the Record Date, there were 132,396,906 shares of our Class A common stock outstanding, 1,000 shares of our Class B common stock outstanding and 115,119,621 shares of our Class C common stock outstanding. On March 30, 2020, we issued 115,199,620 shares of our Class C common stock to Ares Voting LLC (“Ares Voting”). Prior to such issuance, Ares Voting held 1 share of our Class C common stock. The issuance of the Class C common stock did not change the aggregate voting power held by Ares Voting. Following the issuance of the Class C common stock, Ares Voting continued to be entitled to a number of votes equal to the number of Ares Operating Group Units (as defined below) held of record by each Ares Operating Group (as defined below) limited partner (other than the Company and its subsidiaries).
Holders of our Class A common stock are entitled to one vote per share of Class A common stock. On any date on which the Ares Ownership Condition (defined below) is satisfied, holders of our Class B common stock are, in the aggregate, entitled to a number of votes equal to (x) four times the aggregate number of votes attributable to our Class A common stock minus (y) the aggregate number of votes attributable to our Class C common stock. On any date on which the Ares Ownership Condition is not satisfied, holders of our Class B common stock are not entitled to vote on any matter submitted to a vote of our stockholders. The holder of our Class C common stock is generally entitled to a number of votes equal to the number of Ares Operating Group Units held of record by each Ares Operating Group limited partner other than the Company and its subsidiaries. Except as provided in our Certificate of Incorporation (the “Certificate of Incorporation”) and our bylaws (the “Bylaws”) and under the Delaware General Corporation Law (the “DGCL”), shares of Series A preferred stock are generally non-voting.

As of the Record Date, (i) each share of our Class A common stock is entitled to one vote, (ii) each share of our Class B common stock is entitled to approximately 414,388 votes and (iii) each share of our Class C common stock is entitled to 1 vote. As of the Record Date, there were 132,396,906 shares of our Class A common stock outstanding representing 132,396,906 votes, 1,000 shares of our Class B common stock outstanding representing 414,388,003 votes and 115,119,621 shares of our Class C common stock outstanding representing 115,119,621 votes for a total of 661,984,530 votes. For information about the holders of our Class B common stock and Class C common stock, please see “Corporate Governance and Other Board Information—Controlled Company Exemption.”

References to the “Ares Operating Group” refer to, collectively, Ares Holdings L.P., Ares Offshore Holdings L.P. and Ares Investments L.P. References to an “Ares Operating Group Unit” refer to a partnership unit in each of the Ares Operating Group entities. References to the Board prior to our conversion to a corporation effective November 26, 2018 refer to the board of directors of Ares Management GP LLC (“Ares GP LLC”), the former general partner of our company when we were a Delaware limited partnership.

The “Ares Ownership Condition” is a determination of our Board on or about January 31 of each year as to whether the total voting power held collectively by (i) holders of our Class C common stock (initially only Ares Voting), (ii) then-current or former Ares personnel (including indirectly through related entities) and (iii) Ares Owners Holdings L.P. (“Ares Owners”), without duplication, is at least 10% of the collective voting power of our outstanding Class A common stock and our Class C common stock, voting together as a single class. For purposes of determining whether the Ares Ownership Condition is satisfied, the Board will treat as outstanding, and as held by the foregoing persons, all shares of common stock deliverable to such persons pursuant to equity awards granted to such persons.

The Ares Ownership Condition is satisfied as of January 31, 2020 because Ares Voting, current and former Ares personnel and Ares Owners owned a number of shares of our Class A common stock and Ares Operating Group Units such that our Class C stockholder and Ares Owners controlled at least 63% of the voting power of our outstanding Class A common stock and Class C common stock, voting together as a single class (collectively, the “Designated Stock”). In addition, certain Ares personnel (including the Holdco Members (as defined below)) hold shares of our Class A common stock and are entitled to shares of our Class A common stock pursuant to equity awards. All such additional shares of our Class A common stock would be considered in determining whether the Ares Ownership Condition is satisfied.

As of the Record Date, the voting power of the shares of our Class A common stock held by stockholders other than Ares Owners was approximately 108,196,127 votes.

How do I vote?

We have elected to provide access to proxy materials over the Internet under the SEC’s “notice and access” rules to reduce the environmental impact and cost of the Annual Meeting. However, if you prefer to receive paper copies of our proxy materials, please follow the instructions included in the Notice.

Stockholders of Record

If your Class A common stock is registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered a stockholder of record with respect to those shares. As a stockholder of record, you have the right to vote by proxy.

You may vote by proxy in any of the following three ways:
• **Internet.** Go to www.proxyvote.com to use the Internet to transmit your voting instructions and for electronic delivery of information. Have your proxy card in hand when you access the website.

• **Phone.** Call Broadridge Financial Solutions, Inc. by using any touch-tone telephone to transmit your voting instructions. Call (800) 690-6903 if you hold shares in your own name and (800) 454-8683 for shares held through a broker. Have your proxy card in hand when you call.

• **Mail.** Mark, sign and date your proxy card and return it in the postage-paid envelope we have provided, or return it to Vote Processing c/o Broadridge Financial Solutions, Inc., 51 Mercedes Way, Edgewood, NY 11717.

Voting by any of these methods will not affect your right to attend the Annual Meeting and vote in person. However, for those who will not be voting in person at the Annual Meeting, your final voting instructions must be received by no later than 11:59 p.m. Eastern Time on June 10, 2020.

**Beneficial Owners**

Most of our stockholders hold their shares through a broker, bank or other nominee, rather than directly in their own names. If you hold your shares in one of these ways, you are considered the beneficial owner of shares held in “street name”, and the Notice is being forwarded to you by your broker, bank or other nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote. Your broker, bank or other nominee has enclosed a voting instruction form for you to use in directing the broker, bank or other nominee on how to vote your shares. Unless you provide specific voting instructions, your broker, bank or other nominee will only have the discretion to vote shares it holds on your behalf with respect to Proposal 2 (the ratification of Ernst & Young as our independent registered public accounting firm for our 2020 fiscal year), but not with respect to Proposal 1 (the election of directors) as more fully described under “What is a broker ‘non-vote?’” below.

**Can I change my vote?**

Yes. If you are the stockholder of record, you may revoke your proxy before it is exercised by doing any of the following:

- sending a letter to us stating that your proxy is revoked;
- signing a new proxy and sending it to us; or
- attending the Annual Meeting and voting by ballot.

Beneficial owners should contact their broker, bank or other nominee for instructions on changing their votes.

**How many votes must be present to hold the Annual Meeting?**

A “quorum” is necessary to hold the Annual Meeting. The stockholders holding at least one-third of the voting power of the outstanding stock of the class or classes entitled to vote, represented either in person or by proxy, shall constitute a quorum for the purposes of the Annual Meeting. Abstentions and broker “non-votes” are counted as present and entitled to vote for purposes of determining a quorum.

**How many votes are needed to approve the proposals?**

**Election of Directors:**

You may vote “FOR”, “AGAINST” or “ABSTAIN” for Proposal 1 (election of directors). At the Annual Meeting, a “FOR” vote by a plurality of votes cast is required for the election of directors. For this purpose, the nine director nominees receiving the highest number of shares voted “FOR” their election will be elected. Abstention votes and broker “non-votes” are not considered votes cast for the foregoing purpose and will have no effect on the election of the director nominees.

**Ratification of Ernst & Young as Our Independent Registered Public Accounting Firm:**

You may vote “FOR,” “AGAINST” or “ABSTAIN” for Proposal 2 (the ratification of Ernst & Young as our independent registered public accounting firm for our 2020 fiscal year). At the Annual Meeting, a “FOR” vote by a majority of votes cast is required for passage of this Proposal. For this purpose, a majority of the votes cast means that the number of
shares voted “FOR” Proposal 2 must exceed the number of votes cast “AGAINST” Proposal 2. Abstentions and broker “non-votes” are not considered votes cast for the foregoing purpose and will have no effect on the vote for this Proposal.

Where can I find the voting results of the Annual Meeting?

The Company will announce preliminary voting results at the Annual Meeting and publish final results in a Current Report on Form 8-K filed with the SEC within four business days following the Annual Meeting.

What is a broker “non-vote?”

If you are a beneficial owner of shares held in “street name” and do not provide the broker, bank or other nominee that holds your shares with specific voting instructions, under the rules of various national and regional securities exchanges, the broker, bank or other nominee that holds your shares may generally vote on routine matters but cannot vote on non-routine matters. If the broker, bank or other nominee that holds your shares does not receive instructions from you on how to vote your shares on a non-routine matter, such organization will inform the inspector of election that it does not have the authority to vote on this matter with respect to your shares. This is commonly referred to as a broker “non-vote.”

Proposal 1 (the election of directors) is a matter considered non-routine under applicable rules. A broker, bank or other nominee cannot vote without your instructions on non-routine matters. For your vote to be counted in Proposal 1, you will need to communicate your voting decisions to your broker, bank or other nominee before the date of the Annual Meeting using the voting instruction form provided by your broker, bank or other nominee.

Proposal 2 (the ratification of Ernst & Young as our independent registered public accounting firm for our 2020 fiscal year) is a matter considered routine under applicable rules. A broker, bank or other nominee may generally vote on routine matters without your specific voting instructions.

Who will count the votes?

Representatives of Broadridge Financial Solutions, Inc. will tabulate the votes and act as the inspector of election.

Will any other matters be acted on at the Annual Meeting?

If any other matters are properly presented at the Annual Meeting or any adjournment or postponement thereof, the persons named in the proxy will have discretion to vote on those matters. As of the date of these proxy materials, we did not know of any other matters to be presented at the Annual Meeting.

Who pays for this proxy solicitation?

We will pay the expenses of soliciting proxies. In addition to solicitation by mail, proxies may be solicited in person or by telephone or other means by our directors or associates. We will reimburse brokers, banks and other nominees, custodians and fiduciaries for costs incurred by them in mailing these proxy materials to the beneficial owners of our common stock held of record by such persons.

Whom should I contact with other questions?

If you have additional questions about these proxy materials or the Annual Meeting, please contact Ares Management Corporation, Attn: Investor Relations, 245 Park Avenue, 44th Floor, New York, NY 10167, Telephone: (800) 340-6597.

THE BOARD RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE ELECTION OF THE NOMINEES AS CLASS I AND CLASS II DIRECTORS.
Composition of the Board of Directors

Our Organizational Documents establish a board of directors that is responsible for the oversight of our business and operations. So long as the Ares Ownership Condition is satisfied, (x) a quorum for the transaction of business at any meeting of our Board and (y) any act of our Board, requires a majority of our directors, which majority must include the Class I director. The Board or any committee thereof may also act by unanimous written consent.

During our fiscal year ended December 31, 2019, our Board held eight formal meetings. Each of our directors attended at least 75% of the total number of meetings of the Board and committees on which he or she served that were held during the period he or she served as a director or committee member, as applicable. We encourage, but do not require, our directors to attend our Annual Meetings of Stockholders.

Our Class A common stock is listed for trading on the NYSE under the symbol “ARES”.

Management Approach

The management of our operating businesses is currently overseen by our Executive Management Committee which meets at least weekly to discuss strategy and operational matters. The members of the Executive Management Committee are Michael Arougheti, David Kaplan, Antony Ressler, Bennett Rosenthal, Ryan Berry, R. Kipp deVeer and Michael McFerran. In addition, we have a Management Committee comprised of senior leadership from our investment, investor relations, marketing and business operations teams, which meets periodically to discuss investment and operating performance, fundraising and market conditions. The Company has determined that maintaining our existing management structure as closely as possible is desirable and intends that these practices will continue. We believe that this management structure has been a significant reason for our growth and performance.

Leadership Structure

The Board does not have a formal policy with respect to the separation of the offices of Chief Executive Officer and Chairman of the Board. It is the Board’s view that rather than having a formal policy, the Board, upon consideration of all relevant factors and circumstances, will determine, as and when appropriate, whether it is in the best interests of the Company and its stockholders for such offices to be separate or combined.

Currently, our leadership structure separates the offices of Chief Executive Officer and Chairman of the Board, with Mr. Arougheti serving as our Chief Executive Officer and President and Mr. Ressler serving as our Executive Chairman of the Board. We believe this is appropriate, as it provides Mr. Arougheti with the ability to focus on our day-to-day operations while Mr. Ressler focuses on oversight of the Board. As Executive Chairman of the Board, Mr. Ressler presides at the regularly scheduled board sessions, and one of the independent directors presides at executive sessions of our independent directors.

Controlled Company Exception

Ares GP LLC, a Delaware limited liability company, is the sole holder of our Class B common stock and Ares Voting, a Delaware limited liability company, is the sole holder of our Class C common stock. Ares GP LLC and Ares Voting are both wholly owned by Ares Partners Holdco LLC, a Delaware limited liability company (“Holdco”). Holdco is owned by Messrs. Arougheti, Berry, deVeer, Kaplan, McFerran, Ressler and Rosenthal (the “Holdco Members”) and is managed by a board of managers (the “Board of Managers”), which is composed of the Holdco Members. In addition, in its capacity as the general partner of Ares Owners, Holdco is entitled to direct the vote of all of our Class A common stock held by Ares Owners. Therefore, the Holdco Members will direct all of the votes attributable to our Class B common stock and our Class C common stock and a portion of the votes attributable to our Class A common stock. Subject to the terms of our Certificate of Incorporation, matters submitted to a vote of the holders of our common stock generally require the approval of a majority or more of either (a) all class of common stock, voting together as a single class (including for the election of directors) or (b) if the Ares Ownership Condition is not satisfied, our Class A common stock and our Class C common stock, voting together as a single class (collectively, the “Designated Stock”). Accordingly, on any date the Ares Ownership Condition is satisfied, the Holdco Members will control at least 80% of any vote of all classes of our common stock. The Holdco Members also currently control a majority of any vote of the Designated Stock. As a result, the Company is a “controlled company” within the meaning of the corporate governance standards of the NYSE and, as such, has elected to avail itself of exceptions from certain corporate governance rules of the NYSE, including the requirement to have a majority independent Board, a standing nominating and
governance committee of the Board comprised entirely of independent directors and a standing compensation committee of the Board comprised entirely of independent directors.

Risk Oversight

The Board plays an active role in overseeing management of our risks. The Board regularly reviews information regarding our credit, liquidity and operations, as well as the risks associated with each. Since we are a “controlled company” under NYSE rules, we qualify for an exemption from the requirement that we establish a compensation committee and nominating committee consisting solely of independent directors. Accordingly, our Board is responsible for (i) overseeing the management of risks relating to our executive compensation policies and arrangements, and for managing risks relating to our director compensation policies and arrangements and (ii) reviewing the independence of the Board and other corporate governance matters. As such, the Board as a whole is responsible for evaluating certain risks and overseeing the management of such risks.

Further, the audit committee is responsible for overseeing the management of financial risks, and the conflicts committee is responsible for overseeing the management of conflicts of interest and the risks associated therewith. While each committee is responsible for evaluating certain risks and overseeing the management of such risks, the Board is also regularly informed of the conclusions of such oversight through reports of the committees.

Compensation Risk Assessment

Our compensation policies are targeted to incentivize investing in a risk-controlled fashion and are intended to discourage undue risk. Therefore, as described in greater detail under “Compensation Discussion and Analysis,” below, the key elements of our compensation program consist of the grant of equity and, for senior professionals, carried interest subject to multi-year vesting or annual awards of incentive fees, particularly as employees become more senior in the organization and assume more leadership. We believe this policy encourages long-term thinking and protects us against excessive risk and investing for short-term gain, and we do not believe that our compensation program creates risks that are reasonably likely to have a material adverse effect on the Company.

Our funds generally distribute carried interest with respect to the disposition of an investment only after we have returned to our investors a preferred return and invested capital. As a result, in analyzing investments and making investment decisions, our investment professionals are motivated to take a long-term view of their investments, as short-term results typically do not affect their compensation and because they will have to return previously distributed excess carry due to subsequent under-performance of a fund. Importantly, the amount of carried interest paid to these investment professionals is generally determined by the performance of the fund as a whole, rather than specific investments, meaning that they have a material interest in every investment. This approach discourages excessive risk taking, since a particularly successful single investment will result in carried interest payments only if the overall performance of the fund exceeds the requisite hurdle.

Incentive fees are generally paid out to the general partner or manager annually upon the achievement of the requisite hurdles by such fund and our senior professionals similarly receive their proportion of the incentive fee only upon receipt of payment by the fund. Certain of our funds also have “high water marks” such that if the high water mark for a particular fund is not surpassed even if such fund had positive returns in such period, we would not earn an incentive fee with respect to such fund during a particular period as a result of losses in prior periods. Such hurdle rates or high water marks are an incentive to our professionals to maximize returns over the long run, as excessive risk taking and poor performance in the short term will affect their future receipt of incentive fees.

Compensation Committee Interlocks and Insider Participation

As described above, we do not have a compensation committee. During 2019, the members of the Board, which include the executive officers and employees described under “Board Structure and the Nominees” above, participated in discussions regarding executive compensation. During 2019, Messrs. Arougheti and Rosenthal served as directors of ARCC, and Mr. Arougheti was an executive officer of ARCC.

Role of Compensation Consultant

In 2019, management retained Korn Ferry Hay Group to provide employment, compensation and benefits services and data analysis to the Company and its subsidiaries. The aggregate fees received by Korn Ferry Hay Group in 2019 in connection with such employment, compensation and benefits services provided to the Company and its subsidiaries were $942,743. The decision to engage Korn Ferry Hay Group for such services was made by management in the ordinary course.
Committees of the Board

The Board has adopted a charter for the audit committee that complies with current federal and NYSE rules relating to corporate governance matters. The Board has also established a conflicts committee and an equity incentive committee. The Board may establish other committees from time to time as it deems necessary, advisable or appropriate.

Audit Committee

The audit committee held five formal meetings during 2019 and the current members of the audit committee are Mr. Joubert, Ms. Bush and Dr. Olian. Mr. Joubert serves as the chairperson of the audit committee. The purpose of the audit committee is to assist the Board in its oversight of (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) the qualifications and independence of our independent registered public accounting firm and (iv) the performance of our internal audit function and our independent registered public accounting firm. The audit committee, with input from management, discusses and reviews our guidelines with respect to risk assessment and risk management, including our major financial risk exposures, including cybersecurity, and the steps management has taken to monitor and control such exposures. In addition, the audit committee may review and approve any related person transactions, other than those that are approved by the conflicts committee, as described under “Certain Relationships and Related Transactions.”

The Board has determined that each of the members of the audit committee meets the independence standards and financial literacy requirements for service on an audit committee of a board of directors pursuant to federal securities regulations and NYSE rules relating to corporate governance matters. The Board has determined that Mr. Joubert is an audit committee financial expert, as that term is defined in the federal securities regulations. The audit committee has a charter which is available on our internet website at http://www.ares-ir.com.

Conflicts Committee

The conflicts committee held four formal meetings during 2019 and consists of Messrs. Joubert and Lynton, Ms. Bush and Dr. Olian. The purpose of the conflicts committee is to review and consider the resolution or course of action in respect of any conflicts of interest or potential conflicts of interest brought before it for determination or approval. The conflicts committee determines whether the resolution of any conflict of interest submitted to it is fair and reasonable to us. Any matters approved by the conflicts committee are conclusively deemed approved by us, our subsidiaries and our stockholders and not a breach of the Organizational Documents or of any duties that the Company or its affiliates or associates may owe to us or our stockholders. In addition, the conflicts committee may review and approve any related person transactions, other than those that are approved by the audit committee, as described under “Certain Relationships and Related Transactions” and may establish guidelines or rules to cover specific categories of transactions.

Equity Incentive Committee

The equity incentive committee held ten formal meetings during 2019 and consists of Messrs. Arougheti, Kaplan, Ressler and Rosenthal. The purpose of the equity incentive committee is to (i) assist the Board in discharging its responsibilities relating to granting equity incentive awards to service providers of the Company other than directors and executive officers subject to Section 16 of the Exchange Act, (ii) administer the Ares Management Corporation Second Amended and Restated 2014 Equity Incentive Plan (the “2014 Equity Incentive Plan”) as the equity incentive committee other than with respect to directors and executive officers subject to Section 16 of the Exchange Act and (iii) recommend to the Board such other matters as the equity incentive committee deems appropriate.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics, which applies to, among others, our principal executive officer, principal financial officer and principal accounting officer. This code is available on our internet website at http://www.ares-ir.com. We intend to disclose any amendment to or waiver of the Code of Business Conduct and Ethics on behalf of an executive officer or director either on our Internet website or in a Form 8-K filing.

Hedging and Speculative Trading

The Board has adopted, as part of our insider trading policy, prohibitions against our executive officers, directors and employees engaging in transactions of a speculative nature involving our securities, including, but not limited to, buying or selling puts or calls or other derivative securities based on our securities. In addition, such persons are prohibited from short-
selling our securities or entering into hedging or monetization transactions or similar arrangements with respect to our securities subject to our insider trading policy.

Corporate Governance Guidelines

We have Corporate Governance Guidelines that address significant issues of corporate governance and set forth procedures by which our Board carries out its responsibilities. Our Corporate Governance Guidelines do not prohibit directors from serving simultaneously on multiple companies’ boards but our audit committee charter requires that our Board must determine that the simultaneous service of an audit committee member on the audit committees of more than three public companies would not impair such member’s ability to effectively serve on our audit committee. The Corporate Governance Guidelines are available on our internet website at http://www.ares-ir.com.

Ares Management Corporation’s Responsible Investment, Community Involvement and Employee Inclusion and Diversity

In recognition of the importance of considering environmental, social and corporate governance (“ESG”) factors in our investment process, we have adopted an ESG Policy for the conduct of our business based on guidelines that are principally consistent with the Principles of Responsible Investment (“PRI”) and American Investment Council’s (“AIC”) Guidelines for Responsible Investment. We have been provisionally approved to become a signatory to the PRI.

We actively support local communities and charities through firm-wide sponsorships, board positions, charitable donations and grassroots volunteerism. Through the Ares In Motion (“AIM”) program, we offer employees a variety of opportunities to serve local communities and engage our team members in a meaningful way.

We believe that diversity is key to the firm’s open culture and long-term success. We have an Inclusion and Diversity Committee, which has a goal of establishing strategies and operating plans that incorporate business alignment, leadership and accountability. We offer programs, training and resources to recruit and support an inclusive and diverse workforce and promote an environment that combines a wide range of experiences and perspectives. We recognize the important link between employee engagement and company performance and seek opportunities to solicit employee feedback. We strive to foster a supportive environment that cultivates professional growth and development and encourages team members to continuously develop their skills.

COMPENSATION DISCUSSION AND ANALYSIS

In this Compensation Discussion and Analysis we describe our executive compensation philosophy and programs and compensation decisions regarding the 2019 compensation of our named executive officers listed in the “Summary Compensation Table” that follows (our “NEOs”).

Compensation Philosophy

Our business as a global alternative asset manager is dependent on the performance of our NEOs and other key employees. Among other things, we depend on their ability to find, select and execute investments, oversee and improve the operations of our portfolio companies, find and develop relationships with fund investors and other sources of capital and provide other services essential to our success. Our compensation program is designed to attract, motivate and retain talented professionals who drive our success.

Our compensation philosophy has several primary objectives: (1) establish a clear relationship between performance and compensation, (2) align the interests of our NEOs and other key employees with our fund investors and stockholders to maximize value and (3) provide competitive incentive compensation opportunities, with an appropriate balance between short-term and long-term incentives.

Base salaries are dictated by employee proficiency and experience in their roles. In addition to base salary, we utilize a blend of variable and long-term pay vehicles to further incentivize and retain talent and provide an overall compensation package that is competitive with the market.

Performance-based discretionary bonuses are generally paid annually to employees based on our profitability, market analysis and employee performance. Certain of our professionals may also receive carried interest or incentive fee participation in our funds. These awards will be distributed based on the rules of each individual fund, which generally provide for distributions either around the time of the fund’s inception, realization of profits, and/or annually. Certain senior professionals are awarded carried interest or incentive fees in funds outside of their business lines to provide incentives for coordination and collaboration across the firm.

We believe that carried interest and incentive fee participation aligns the interests of our NEOs and other key employees with those of the investors in our funds, and this alignment has been a key contributor to our strong performance and growth. We also believe that ownership in our funds and the Company by our NEOs results in alignment of their interests with those of our fund investors and stockholders.

Our compensation program is a management tool supporting our mission and values. We believe our program supports, reinforces and aligns our values, business strategy and operations with the goal of increasing assets under management and profitability. Compensation arrangements with our NEOs are described below under “Elements of Compensation.”

Determination of Compensation for Named Executive Officers

We do not have a compensation committee. It is our policy that the NEOs who are Co-Founders generally do not receive compensation other than carried interest and incentive fees or, in certain circumstances, equity grants.

The Board makes all final determinations regarding equity grants to our NEOs.

NEO carried interest and incentive fee awards are generally determined by the Executive Management Committee, with input from the particular investment group heads of the applicable fund, and approved by the conflicts committee of the Board. The conflicts committee of the Board may prospectively approve the range of, or parameters for, carried interest and incentive fee awards that may be granted to our NEOs. Subject to the control and supervision of the Board, for so long as Mr. Ressler is entitled to be a Class I director, Mr. Ressler makes all decisions relating to the award of carried interest and incentive fee awards in a fund in his discretion, except as set forth in a policy relating to awards of carried interest and incentive fees adopted by the Executive Management Committee.

The Board determined Mr. McFerran’s 2019 cash compensation, following the recommendation of the Executive Management Committee. Mr. McFerran’s 2019 cash compensation consisted of base salary and cash bonus and was determined based on his individual performance, his responsibilities and his ability to contribute to our overall performance both in the long- and short-term. Additional factors that the Board and the Executive Management Committee considered in making such
salary and bonus determinations include Mr. McFerran’s prior-year compensation and balance between short- and long-term incentives.

**Role of Compensation Consultant**

We did not engage a compensation consultant with respect to NEO compensation in 2019. We do not benchmark or set our NEO compensation by reference to the compensation of a peer group.

**Say-on-Pay Vote**

At our 2019 Annual Meeting of Stockholders, we held a stockholder advisory vote on the compensation of our NEOs in our 2018 fiscal year (the “2019 say-on-pay vote”). Our stockholders approved the compensation of our NEOs, with approximately 94.3% of the votes cast in favor of our 2019 say-on-pay resolution.

**Say-on-Frequency Vote**

At our 2019 Annual Meeting of Stockholders, a majority of our stockholders recommended that we hold a non-binding, advisory stockholder vote on the compensation of the NEOs every three years. In light of this recommendation from our stockholders, as well as other factors, we expect to next hold a stockholder advisory vote with respect to the compensation of the NEOs at our 2022 Annual Meeting of Stockholders.

**Elements of Compensation**

Our NEOs are generally compensated primarily through a combination of carried interest and incentive fees that are designed to reward performance and align the interests of our NEOs with the interests of our fund investors and stockholders, and for Messrs. Arougheti and McFerran, equity awards. In 2019, Mr. McFerran was the only NEO to receive a base salary, discretionary bonus payment and equity awards.

We believe that the elements of compensation for our NEOs serve the primary objectives of our compensation program. However, we periodically review the compensation of our key employees, including our NEOs, and, from time to time, may implement new plans or programs or otherwise make changes to the compensation structure relating to current or future key employees, including our NEOs.

**Annual Base Salary.** In 2019, Mr. McFerran was the only NEO who received an annual salary, the details of which are set out in the Summary Compensation Table that follows.

We intend the base salary of Mr. McFerran to reflect his position, duties and responsibilities as our Chief Operating Officer and Chief Financial Officer, as well as recognize his anticipated contribution to our ongoing initiatives and future success. Although we believe that the base salary of our NEOs should not typically be the most significant amount of total compensation, we intend that any base salary amounts should attract and retain top talent as well as assist with the payment of basic living costs throughout the year.

**Annual Cash Discretionary Bonus Payments.** In 2019, Mr. McFerran was the only NEO who received an annual discretionary bonus.

Mr. McFerran’s total discretionary bonus recognizes Mr. McFerran’s individual contribution to our overall goals and performance. We intend the discretionary bonus payment to reward Mr. McFerran for assisting us to achieve our annual goals, both for the Company as a whole and in his respective area of responsibility. Factors that were included in determining the size of the bonus payment include Mr. McFerran’s accomplishments in driving our results, his leadership and management of his team and our overall performance. Comparisons were made to prior year performance and to our other senior professionals with the intention to reward, motivate and retain Mr. McFerran.

Mr. McFerran’s 2019 annual discretionary bonus was paid 73% in cash in December 2019 and the balance in January 2020 as a grant of restricted units equal to 27% of his total discretionary bonus.

**Incentive Fees.** The general partners or managers of certain of our funds receive performance-based fees from our funds based on the applicable fund’s performance each year. Our senior professionals may be awarded a percentage of such incentive fees. These incentive fees are determined based on the seniority of the senior professional and the role of such senior professional in the applicable fund. Our senior professionals (including our NEOs) who work on these funds collectively
participate in a majority of the incentive fees payable by our funds. We intend our incentive fee awards to incentivize the growth of our various operations and help align our investment and other professionals, including our NEOs, with our fund investors and stockholders. Messrs. Arougheiti and McFerran are the only NEOs who received incentive fees in 2019. For many partners and managers, these awards are made annually, are not subject to vesting and generally are forfeitable upon termination of employment (subject to certain exceptions as described in greater detail below under “Compensation of our Executive Officers—Potential Payments upon Termination or Change-in-Control”). However, for Mr. Arougheiti, certain of the incentive fees are structured such that, notwithstanding his termination of employment with us, he may be eligible to continue to receive distributions relating to a declining portion of his incentive fee allocation for a period of up to twelve quarters following his termination of employment. Incentive fees, if any, in respect of a particular fund are paid to the senior professional only when actually received by the general partner, manager or other Ares entity entitled to receive such fees and are subject to dilution. In addition, the fees in which our senior professionals are entitled to share do not include base management fees, administrative fees or other expense reimbursements received from our funds. Because our senior professionals’ entitlement to incentive fees is generally subject to the fund achieving investment performance hurdles, we believe that the interests of our senior professionals are strongly aligned with the interests of our fund investors, thus ultimately benefiting our fund investors and stockholders through our success as a whole.

Carried Interest. The general partners or affiliates of certain of our funds receive a preferred allocation of income and gains from our funds if specified returns are achieved, which we refer to as “carried interest.” We intend our carried interest awards to incentivize the successful investment performance by our funds and help align our senior professionals (including our NEOs) with our fund investors and stockholders. Our senior professionals (including our NEOs) who work on these funds collectively own a majority of the carried interest. The percentage of carried interest is determined based on the seniority of the senior professional and the role of such senior professional in such fund. Ownership of carried interest by senior professionals may be subject to a range of vesting conditions, including continued employment and forfeiture upon occurrence of certain specified events post-termination, thus serving as an important employment retention mechanism. Carried interest generally vests over the fund’s investment period, with certain acceleration events for more senior professionals. For certain of our NEOs, certain of their carried interest awards will fully accelerate upon termination of such NEO’s services to us without cause or by reason of death or disability of such NEO (described in greater detail below under “Compensation of our Executive Officers—Potential Payments upon Termination or Change-in-Control”). Each of our NEOs received cash distributions attributable to carried interest in 2019.

In addition, the general partners that receive allocations of carried interest generally are subject to contingent repayment obligations, under which the general partners are required to return to the applicable fund distributions from carried interest in certain situations. Our senior professionals (including our NEOs) who receive allocations of carried interest are personally subject to this contingent repayment obligation, pursuant to which they may be required to repay previous distributions. Because the amount of carried interest distributions is directly tied to the realized performance of the underlying fund, our senior professionals’ direct ownership of carried interest fosters a strong alignment of their interests with the interests of our fund investors, thus ultimately benefiting our fund investors and stockholders through our success as a whole.

Long-Term Equity Compensation. We may grant equity to incentivize our NEOs’ continued employment and to align their interests with our fund investors and stockholders. We generally utilize restricted units to be settled in shares of our Class A common stock as our principal form of long-term equity compensation. Restricted unit awards are granted pursuant to our 2014 Equity Incentive Plan. At any time that the Company pays a cash dividend in respect of shares of our Class A common stock, NEOs will be generally be entitled to receive a corresponding dividend equivalent payment in respect of their restricted units except in certain limited circumstances.

Restricted Units - Mr. McFerran. In March 2019, we granted 21,267 restricted units to Mr. McFerran pursuant to the offer letter with Mr. McFerran, dated March 10, 2015, relating to Mr. McFerran’s employment as our Chief Financial Officer. Prior to making the grant, we amended the terms of Mr. McFerran’s offer letter in February 2019, to revise the vesting terms applicable to this award in order to more closely align the vesting terms of this award with the vesting terms applicable to more recent restricted unit awards granted or to be granted to similarly situated Company executives. The restricted units are scheduled to vest in four equal installments on each of the second, third, fourth and fifth anniversaries of the applicable grant date, generally subject to Mr. McFerran’s continued service through the applicable vesting date (subject to certain exceptions as described in greater detail below, under “Compensation of our Executive Officers—Potential Payments upon Termination or Change-in-Control”).

In November 2019, we granted 125,000 restricted units to Mr. McFerran. This grant was approved in November 2018 in conjunction with a grant of 250,000 restricted units to Mr. McFerran and a grant of an additional 125,000 restricted units to be awarded to Mr. McFerran on November 1, 2020, subject to Mr. McFerran’s continued service through the grant date. These restricted units were granted in recognition of Mr. McFerran’s expanded role with the Company and his continued service to the
Company. The restricted units are scheduled to vest in four equal installments on each of the second, third, fourth and fifth anniversaries of the applicable grant date, generally subject to Mr. McFerran’s continued service through the applicable vesting date (subject to certain exceptions as described in greater detail below, under “Compensation of our Executive Officers—Potential Payments upon Termination or Change-in-Control”).

Deferred Unit Awards - Mr. McFerran. Beginning in 2016, we awarded a portion of the annual discretionary bonus to key employees (including those NEOs who receive annual discretionary bonuses) in the form of restricted units to be settled in shares of our Class A common stock. We refer to these restricted units as “Deferred Units.” Deferred Units granted on or after January 1, 2019 vest in three equal installments on the first, second, and third anniversaries of the date of grant, subject to continued employment. In January 2019, we granted 20,650 Deferred Units to Mr. McFerran and in January 2020 we granted 11,285 Deferred Units to Mr. McFerran, in each case, in respect of his discretionary bonus for the preceding calendar year. The Deferred Units will lapse and be forfeited upon termination of employment (subject to certain exceptions as described in greater detail below, under “Compensation of our Executive Officers—Potential Payments upon Termination or Change-in-Control”). We believe the period of deferral and the vesting schedule sufficiently aligns the interests of NEOs who receive discretionary bonuses with our interests, as well as the interests of our fund investors and stockholders.

401(k) Retirement Plan. All of our NEOs are eligible to participate in our 401(k) program. We intend that participation in our 401(k) program will assist our NEOs to set aside funds for retirement in a tax efficient manner. The Ares retirement plan provides options for contributing to a traditional pre-tax 401(k), a post-tax Roth 401(k) or a combination of both, up to allowable IRS limits. In addition, we provide a discretionary match equal to 100% of the first 4% of the individual’s earnings and 50% of the next 2% of the individual’s earnings, up to a maximum match of $8,400 for 2019. The match is subject to a three-year vesting schedule, vesting 1/3 per year over the first three years of employment at Ares. Once employed for three years, 100% of any match outstanding or due to the employee is vested.

Termination Payments

In addition to the awards described above, Messrs. Arougheti and McFerran have been granted long-term equity awards that may vest upon certain qualifying terminations of employment. For certain of our NEOs, their carried interest awards will accelerate upon certain qualifying terminations of employment. The effect of certain qualified terminations on our NEOs’ long-term equity awards and carried interest awards is described in greater detail below under “Compensation of our Executive Officers—Potential Payments upon Termination or Change-in-Control.”

Accounting and Tax Considerations

We consider the impact of accounting implications and tax treatment of significant compensation decisions.

Section 162(m) of the Internal Revenue Code of 1986 (as amended, the “Code”) generally disallows publicly-listed companies a tax deduction for compensation in excess of $1,000,000 paid to “covered employees” of such company, which “covered employees” can include the chief executive officer, the chief financial officer, the three other highest paid executive officers and certain individuals who were previously “covered employees”. Under proposed regulations issued in December 2019 that reverse a longstanding position of the Internal Revenue Service, Section 162(m) would apply beginning in 2020 to corporation, including the Company. If finalized in their current form, the proposed regulations could limit deductions for the compensation of covered employees of an operating partnership that are allocable to the Company.

The recent developments described above, as well as other developments and changes in accounting standards and tax law may impact our compensation decisions. As accounting standards and applicable tax laws develop, we may revise certain features of our executive compensation program to appropriately align our executive compensation program with our overall executive compensation philosophy and objectives. However, we believe that these are only some of the many relevant considerations of setting executive compensation, and should not be permitted to compromise our ability to design and maintain compensation programs that are consistent with our compensation philosophy and objectives. Accordingly, we retain the discretion to pay compensation that is not tax deductible and/or could have adverse accounting consequences.
As described above, the Board does not have a compensation committee. The entire Board has reviewed and discussed with management the foregoing Compensation Discussion and Analysis and, based on such review and discussion, has determined that the Compensation Discussion and Analysis should be included in this proxy statement.

(1) The Value Realized on Vesting column reflects the aggregate value realized with respect to all restricted units that vested during fiscal year 2019. The value realized in connection with each vesting of shares of restricted units is calculated as the number of restricted units multiplied by the closing price of our Class A common stock on the vesting date. The value realized amounts are calculated in accordance with the rules and regulations of the SEC and may not reflect the amounts ultimately realized by the applicable NEO. Our NEOs did not exercise any options from compensation-related equity awards in fiscal year 2019.

Common Stock and Ares Operating Group Units

We refer to our Class A common stock, Ares Operating Group Units and shares of our Class A common stock received in exchange for such Ares Operating Group Units as “subject units.”

The subject units received by our senior professional owners are fully vested. The subject units owned by each of our senior professional owners are generally subject to the following transfer restrictions, which may be waived by the Board of Managers: up to 20% of the subject units may be transferred or exchanged in each year following the second anniversary of our initial public offering and prior to the seventh anniversary of our initial public offering. After May 2021, any of the subject units may be transferred or exchanged at any time, subject to the restrictions in the exchange agreement.

The forfeiture provisions and transfer restrictions set forth above are generally applicable. There may be some different arrangements for some individuals in isolated instances, none of which are applicable to our NEOs.

As of the Record Date, assuming that all of the outstanding Ares Operating Group Units were exchanged for shares of our Class A common stock, Mr. Ressler would hold, directly or indirectly, shares of our Class A common stock representing 26.57% of the total number of shares of our Class A common stock outstanding. Mr. Arougheti would hold, directly or indirectly, shares of our Class A common stock representing 5.23% of the total number of shares of our Class A common stock outstanding (not reflecting any unvested Restricted Units held by Mr. Arougheti), Mr. Kaplan would hold, directly or indirectly, shares of our Class A common stock representing 5.60% of the total number of shares of our Class A common stock outstanding, and Mr. Rosenthal would hold, directly or indirectly, shares of our Class A common stock representing 5.51% of the total number of shares of our Class A common stock outstanding, in each case, as a result of such exchange and subject to transfer restrictions and forfeiture provisions.
Pension Benefits for Fiscal Year 2019

We provide no pension benefits to our NEOs.

Nonqualified Deferred Compensation for Fiscal Year 2019

We provide no defined contribution plans for the deferral of compensation on a basis that is not tax-qualified.

Potential Payments upon Termination or Change-in-Control

Other than as set forth below, our NEOs are not entitled to any additional payments or benefits upon termination of employment, upon a change in control or upon retirement, death or disability. As discussed in greater detail below, for certain of our NEOs, certain of their carried interest awards and other long-term equity awards will accelerate upon termination of such NEO’s services to us without cause or by reason of death or disability of such NEO.

Equity Arrangements with Michael Arougheti

In July 2018, in recognition of Mr. Arougheti’s appointment as Chief Executive Officer, we granted 2,000,000 restricted units to Mr. Arougheti. The restricted units are eligible to vest as follows: (i) 666,666 restricted units will vest 25% on each of January 1, 2020, 2021, 2022 and 2023 (the “Service-Based Award”), (ii) 666,667 units will vest if, over all trading days that occur during any 30 consecutive calendar day period on or prior to January 1, 2028, the volume-weighted average price per share of our Class A common stock is at least $35.00 and (iii) 666,667 units will vest if, over all trading days that occur during any 30 consecutive calendar day period on or prior to January 1, 2028, the volume-weighted average price per share of our Class A common stock is at least $45.00, in each case, generally subject to Mr. Arougheti’s continued service through the applicable vesting date (both of the awards in clauses (ii) and (iii) referred to as the “Performance-Based Awards”). The award in clause (ii) vested on January 13, 2020. Any unvested restricted units will be forfeited upon the earlier of January 1, 2028 and Mr. Arougheti’s termination of service, provided that, in the event that Mr. Arougheti’s service is terminated without cause or due to his death or disability, or upon Mr. Arougheti’s resignation for good reason (in each case, as defined in Mr. Arougheti’s restricted unit award agreement), 50% of the then-unvested Service-Based Award will vest and 50% of each tranche of any then-unvested Performance-Based Award will remain outstanding and eligible to vest through the earlier of the first anniversary of the termination or January 1, 2028. Further, if Mr. Arougheti’s service is terminated without cause (other than due to Mr. Arougheti’s death or disability) or as a result of Mr. Arougheti’s resignation for good reason, in either case, within three months of a change in control event (as defined in Mr. Arougheti’s restricted unit agreement), any then-unvested Service-Based Award will vest in full. If Mr. Arougheti had experienced a termination without cause, by reason of his death or disability, or as a result of his resignation for good reason, in each case, on December 31, 2019, Mr. Arougheti would have vested in restricted units having a value of $11,896,655 and additional restricted units having a value of $23,793,345 would remain outstanding and eligible to vest based on achievement of applicable performance metrics. Further, if a change in control event were to occur and Mr. Arougheti’s service was terminated without cause or as a result of Mr. Arougheti’s resignation for good reason on December 31, 2019, Mr. Arougheti would have vested in additional restricted units having a value of $11,896,655. The values provided above are based on the closing price for our Class A common stock on December 31, 2019, which was $35.69.

Equity Arrangements with Michael McFerran

In the event that Mr. McFerran’s service is terminated without cause or by reason of death or disability (as defined in the 2014 Equity Incentive Plan) after the first anniversary of the date of grant and prior to the second anniversary of the date of grant, 11% of the restricted units granted on March 23, 2017 and March 23, 2018 will vest. In the event that Mr. McFerran’s service is terminated without cause (as defined in Mr. McFerran’s offer letter) or by reason of death or disability after the second anniversary of the date of grant and prior to the third anniversary of the date of grant, 22% of any restricted units granted on March 23, 2017 and March 23, 2018 will vest. If Mr. McFerran had experienced a termination without cause or by reason of death or disability on December 31, 2019, Mr. McFerran would have vested in restricted units having a value of $304,079, based on the closing price for our Class A common stock on December 31, 2019, which was $35.69.

In the event that Mr. McFerran’s service is terminated by reason of his death or disability, 50% of the restricted units granted to Mr. McFerran on each of August 15, 2016 and January 31, 2017 will vest. If Mr. McFerran had experienced a termination by reason of death or disability on December 31, 2019, Mr. McFerran would have vested in restricted units having a value of $3,569,000, based on the closing price for our Class A common stock on December 31, 2019, which was $35.69.

With respect to the restricted units granted to Mr. McFerran in November 2018, March 2019 and November 2019, in the event that Mr. McFerran’s service is terminated (i) as a result of Mr. McFerran’s termination without cause, any restricted units that are outstanding and unvested as of such termination and that are scheduled to vest on or prior to the twelve-month anniversary of such termination will vest upon the termination, or (ii) as a result of Mr. McFerran’s death or disability, 50% of
the restricted units outstanding and unvested as of such termination will vest upon the termination. If Mr. McFerran had experienced a termination without cause or by reason of death or disability, in each case, on December 31, 2019, Mr. McFerran would have vested in restricted units having a value of $2,230,625 or $7,071,385, respectively, based on the closing price for our Class A common stock on December 31, 2019, which was $35.69.

Deferred Unit Awards

If Mr. McFerran’s employment is terminated without cause, by reason of his death or disability or for early or normal retirement, the unvested portion of his Deferred Units will vest and be paid on termination and the Deferred Units granted in 2016 will vest on termination and be paid on the previously scheduled vesting dates. If Mr. McFerran had experienced a termination without cause, by reason of death or disability or for early or normal retirement on December 31, 2019, Mr. McFerran would have vested in Deferred Units having a value of $1,399,905, based on the closing price of our Class A common stock on December 31, 2019, which was $35.69.

Incentive Fees and Carried Interest

For certain of our NEOs, certain of their carried interest awards will accelerate upon termination of such NEO’s services to us without cause or by reason of death or disability of such NEO. Our incentive fee awards are generally annual awards and forfeitable upon termination of employment in certain circumstances. However, for Mr. Arougheiti, certain of the incentive fees are structured such that, notwithstanding his termination of employment with us, he may be eligible to continue to receive distributions relating to a declining portion of his incentive fee allocation for a period of up to twelve quarters following his termination of employment.
PAY RATIO

As a result of the rules adopted by the SEC under the Dodd-Frank Act, we are required to disclose the ratio of the annual total compensation of our CEO to the annual total compensation of our median employee, using certain permitted methodologies. To determine our CEO pay ratio and our median employee, we took the following steps:

- We identified our median employee utilizing data as of December 31, 2019 (the “Determination Date”) by examining the total amount of compensation as reflected in our payroll records and as reported to the Internal Revenue Service on Form W-2 and Schedule K-1 for 2019 (“total compensation”) for all individuals, excluding our CEO, who were employed by us on the Determination Date. Total compensation includes salary, wages, distributions on carried interest and incentive fees, and income from unvested restricted units (including vesting thereof and distributions on such restricted units). We included all employees, whether employed on a full-time, part-time, seasonal or temporary basis.

- We did not make any material assumptions, adjustments, or estimates with respect to total compensation. We did not annualize the compensation for any employees.

- We included non-U.S. employees by converting their total compensation to U.S. Dollars from the applicable local currency using the 10-month average exchange rate from January 1, 2019 through October 31, 2019.

- We believe the use of total compensation for all employees is a consistently applied compensation measure because the SEC released guidance providing that compensation determined based on the Company’s tax and/or payroll records is an appropriate consistently applied compensation measure.

- After identifying the median employee based on total compensation, we calculated annual total compensation for that employee using the same methodology we used for our NEOs as set forth in the Summary Compensation Table in this proxy statement. The annual total compensation of our median employee for 2019 was $185,000.

- The annual total compensation of our CEO for 2019 was $12,665,722.

Our pay ratio may not be comparable to the CEO pay ratios presented by other companies. We believe our methodology most accurately reflects the incentives provided to our executives and employees in their roles at the Company. Based on the methodology described above, for 2019, the ratio of the annual total compensation of our CEO to the annual total compensation of the median employee (other than our CEO) is 68:1.
COMPENSATION OF OUR DIRECTORS

Each director who is not an employee of or service provider to (other than as a director) any entity related to Ares Management Corporation ("independent directors") receives an annual retainer of $100,000, payable in cash for the actual service period. An additional annual cash retainer of $15,000 is payable annually to the chair of our audit committee.

During 2019, each independent director received an equity grant pursuant to the 2014 Equity Incentive Plan of 2,805 restricted units, each of which represents the right to receive one share of our Class A common stock upon vesting. The restrictions on such units are scheduled to lapse at a rate of one-third per year, beginning on the first anniversary of the grant date. We expect to make annual restricted unit grants to each independent director with a value equal to approximately $75,000, subject to the approval of such awards by the Board, such independent director’s continued service on the Board and any future changes in the annual grant policies.

We also reimburse independent directors for reasonable out-of-pocket expenses incurred in connection with the performance of their duties as directors, including travel expenses in connection with their attendance in-person at Board and committee meetings. Directors who are employees of or provide services to (other than as a director) any entity related to Ares Management Corporation did not receive any compensation for their services as directors.

The Board periodically reviews the compensation of the independent directors in order to ensure the appropriateness of the compensation program.

(1) Reflects the aggregate number of outstanding non-qualified options, share appreciation rights, shares of our Class A common stock, restricted units, deferred restricted units, phantom shares, share equivalent awards and other awards based on shares of our Class A common stock, to which we collectively refer as our “shares,” granted under the 2014 Equity Incentive Plan as of December 31, 2019.

(2) The aggregate number of shares of our Class A common stock available for future grants under our 2014 Equity Incentive Plan is increased on the first day of each fiscal year by the number of shares equal to the positive difference, if any, of (a) 15% of the aggregate number of shares of our Class A common stock and Ares Operating Group Units outstanding on the last day of the immediately preceding fiscal year (excluding Ares Operating Group Units held by the Company or its wholly owned subsidiaries) minus (b) the aggregate number of our shares of our Class A common stock otherwise available for future grants under our 2014 Equity Incentive Plan as of such date (unless the administrator of the 2014 Equity Incentive Plan should decide to increase the number of shares of our Class A common stock available for future grants under the plan by a lesser amount). The shares underlying any award granted under the 2014 Equity Incentive Plan that expire, terminate or are canceled (other than in connection of a payment) without being settled in shares of our Class A common stock will again become available for awards under the 2014 Equity Incentive Plan. Awards settled solely in cash do not use shares of our Class A common stock under the 2014 Equity Incentive Plan. As of January 1, 2020, pursuant to this formula, 37,528,029 shares of our Class A common stock were available for issuance under the 2014 Equity Incentive Plan.
CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Tax Receivable Agreement

The Company has procedures in place for the review, approval and monitoring of transactions involving the Company and certain persons related to it. For example, the Company has a Code of Business Conduct and Ethics that generally prohibits officers or directors of the Company from engaging in any transaction where there is a conflict between such individual’s personal interest and the interests of the Company. Waivers to the Code of Business Conduct and Ethics can generally only be obtained from the audit committee, or if for an executive officer, by the Board, and are publicly disclosed as required by applicable law and regulations. In addition, the audit committee or conflicts committee are required to review and approve all related-party transactions (as defined in Item 404 of Regulation S-K).

The holders of Ares Operating Group Units, subject to any applicable transfer restrictions and other provisions, may on a quarterly basis (subject to the terms of the exchange agreement), exchange their Ares Operating Group Units for shares of our Class A common stock on a one-for-one basis or, at our option, for cash. A holder of Ares Operating Group Units must exchange one Ares Operating Group Unit in each of the Ares Operating Group entities to effect an exchange for a share of our Class A common stock. The relevant Ares Operating Group entities (and any other entities as may be determined by the Company) has made or will make an election under Section 754 of the Code for each taxable year in which an exchange of Ares Operating Group Units for shares of our Class A common stock occurs, which is expected to result in increases to the tax basis of its assets at the time of an exchange of Ares Operating Group Units. These exchanges are expected to result in increases in the tax basis of the tangible and intangible assets of the relevant Ares Operating Group entity that may reduce the amount of tax that we would otherwise be required to pay in the future. These increases in tax basis may also decrease gains (or increase losses) on future dispositions of certain capital assets to the extent tax basis is allocated to those capital assets. The IRS may challenge all or part of the tax basis increase and increased deductions, and a court could sustain such a challenge.

We entered into a tax receivable agreement with certain direct and indirect holders of Ares Operating Group Units (the “TRA Recipients”) that provides for the payment by us to the TRA Recipients of 85% of the amount of cash tax savings, if any, in U.S. federal, state, local and foreign income tax that we actually realize (or is deemed to realize in the case of an early termination payment by us or a change in control, as discussed below) as a result of increases in tax basis and certain other tax benefits related to our entering into the tax receivable agreement. The reduction in the statutory corporate tax rate from 35% to 21% under the changes to the tax code in 2017 would generally reduce the amount of cash tax savings and thus reduce the amount of the payments to the TRA Recipients. On the other hand, due to our election to be treated as a corporation for U.S. federal income tax purposes and subsequent conversion to a U.S. corporation under Delaware state law, a greater percentage of our income is subject to corporate taxation and thus generally increases the amount payable under the tax receivable agreement. This payment obligation is our obligation and not the obligation of the Ares Operating Group. We will benefit from the remaining 15% of cash tax savings, if any, in income tax we realize. For purposes of the tax receivable agreement, the cash tax savings in income tax will be computed by comparing our actual income tax liability (calculated with certain assumptions) to the amount of such taxes that we would have been required to pay had there been no increase to the tax basis of our assets as a result of the exchanges and had we not entered into the tax receivable agreement.

The term of the tax receivable agreement commenced on May 1, 2014 and will continue until all such tax benefits have been utilized or expired, unless we exercise our right to terminate the tax receivable agreement for an amount based on the agreed payments remaining to be made under the agreement (as described in more detail below) or we breach any of our material obligations under the tax receivable agreement in which case all obligations will generally be accelerated and due as if we had exercised its right to terminate the tax receivable agreement. Estimating the amount of payments that may be made under the tax receivable agreement is by its nature imprecise, as the calculation depends on a variety of factors. The actual increase in tax basis, as well as the amount and timing of any payments under the tax receivable agreement, will vary depending upon a number of factors, including:

- the timing of exchanges-for instance, the increase in any tax deductions will vary depending on the fair value, which may fluctuate over time, of the depreciable or amortizable assets of the relevant Ares Operating Group entity at the time of each exchange;
- the price of our Class A common stock at the time of the exchange-the increase in any tax deductions, as well as the tax basis increase in other assets, of the Ares Operating Group, is proportional to the price of our Class A common stock at the time of the exchange;
- the extent to which such exchanges are taxable-if an exchange is not taxable for any reason, increased deductions will not be available; and
• the amount and timing of our income—we will be required to pay 85% of the cash tax savings as and when realized, if any.

If we do not have taxable income, we are not required (absent a change of control or other circumstances requiring an early termination payment) to make payments under the tax receivable agreement for that taxable year because no cash tax savings will have been actually realized. However, any cash tax savings that do not result in realized benefits in a given tax year will likely generate tax attributes that may be utilized to generate benefits in future tax years (with possibly some carry back potential to prior tax years for state tax purposes). The utilization of such tax attributes will result in payments under the tax receivable agreement.

Future payments under the tax receivable agreement in respect of subsequent exchanges are expected to be substantial. It is possible that future transactions or events could increase or decrease the actual cash tax savings realized and the corresponding tax receivable agreement payments. There may be a material negative effect on our liquidity if, as a result of timing discrepancies or otherwise, the payments under the tax receivable agreement exceed the actual cash tax savings we realize in respect of the tax attributes subject to the tax receivable agreement and/or distributions to us by the Ares Operating Group are not sufficient to permit us to make payments under the tax receivable agreement after it has paid taxes. The payments under the tax receivable agreement are not conditioned upon the TRA Recipients’ continued ownership of us or the Ares Operating Group.

In addition, the tax receivable agreement provides that upon a change of control, our obligations under the tax receivables agreement with respect to exchanged or acquired Ares Operating Group Units (whether exchanged or acquired before or after such change of control) would be accelerated based on certain assumptions, including that we would have sufficient taxable income to fully utilize the deductions arising from the increased tax deductions and tax basis and other benefits related to entering into the tax receivable agreement.

Furthermore, we may elect to terminate the tax receivable agreement early by making an immediate payment equal to the present value of the anticipated future cash tax savings. In determining such anticipated future cash tax savings, the tax receivable agreement includes several assumptions, including (1) that any Ares Operating Group Units that have not been exchanged are deemed exchanged for the market value of our Class A common stock at the time of termination, (2) we will have sufficient taxable income in each future taxable year to fully realize all potential tax savings, (3) the tax rates for future years will be those specified in the law as in effect at the time of termination and (4) certain non-amortizable assets are deemed disposed of within specified time periods. In addition, the present value of such anticipated future cash tax savings are discounted at a rate equal to the lesser of (i) 6.5% and (ii) LIBOR plus 100 basis points.

As a result of the change in control provisions and the early termination right, we could be required to make payments under the tax receivable agreement that are greater than or less than the specified percentage of the actual cash tax savings that we realize in respect of the tax attributes subject to the tax receivable agreement. In these situations, our obligations under the tax receivable agreement could have a substantial negative impact on our liquidity.

Decisions made in the course of running our businesses may influence the timing and amount of payments that are received by the TRA Recipients (including, among others, certain Holdco Members) under the tax receivable agreement. For example, the earlier disposition of assets following an exchange or acquisition transaction will generally accelerate payments under the tax receivable agreement and increase the present value of such payments, and the disposition of assets before an exchange or acquisition transaction will increase the tax liability of an exchanging holder without giving rise to any rights to payments under the tax receivable agreement. As an additional example, if future holders of Ares Operating Group Units do not become TRA Recipients, upon an exchange of Ares Operating Group Units by such future holders, current TRA Recipients (including, among others, certain Holdco Members) will be entitled to a portion of the payments payable under the tax receivable agreement with respect to such exchanges.

Payments under the tax receivable agreement will be based on the tax reporting positions that we will determine. Although we are not aware of any issue that would cause the IRS to challenge a tax basis increase, we will not be reimbursed for any payments previously made under the tax receivable agreement with respect to a tax basis increase that is successfully challenged. As a result, in certain circumstances, payments could be made under the tax receivable agreement in excess of our cash tax savings.

**Investor Rights Agreement**

We have entered into an Investor Rights Agreement that grants Ares Owners and certain other persons the right, under certain circumstances and subject to certain restrictions, to require us to register under the Securities Act of 1933, as amended (the “Securities Act”) common shares delivered in exchange for Ares Operating Group Units or shares of our common stock held by them. In addition, we may be required to make available shelf registration statements permitting sales of our common stock into the market from time to time over an extended period. Lastly, the parties to the Investor Rights Agreement have the ability to exercise certain piggyback registration rights in respect of shares of our common stock held by them in connection with registered offerings requested by other registration rights holders or initiated by us.

**Ares Operating Group Governing Agreements**

Ares Management Corporation is a holding company and, indirectly through direct subsidiaries, controls and holds equity interests in the Ares Operating Group entities. Ares Management Corporation, either directly or through direct subsidiaries, is the general partner of each of the Ares Operating Group entities. Accordingly, Ares Management Corporation operates and controls all of the business and affairs of the Ares Operating Group and, through the Ares Operating Group entities and their operating entity subsidiaries, conducts our businesses. Directly or through direct subsidiaries, Ares Management Corporation has unilateral control over all of the affairs and decision making of the Ares Operating Group. Furthermore, the subsidiaries of Ares Management Corporation cannot admit substitute general partners to the Ares Operating Group entities without the approval of Ares Management Corporation or the relevant direct subsidiary.

Pursuant to the governing agreements of the Ares Operating Group entities, the general partner of each of the Ares Operating Group entities has the right to determine when distributions will be made to the partners of the Ares Operating Group entities and the amount of any such distributions. If a distribution to the Company or its subsidiaries is authorized (including distributions to our Class A common stockholders), such distribution is made to all of the partners of the Ares Operating Group entities pro rata in accordance with the percentages of their respective partnership units.

Each of the Ares Operating Group entities has an identical number of partnership units outstanding. As of April 13, 2020, there were 247,596,527 Ares Operating Group Units outstanding. The holders of partnership units in the Ares Operating Group entities, including Ares Management Corporation or its direct subsidiaries, may incur U.S. federal, state and local income taxes on their proportionate share of any net taxable income of the Ares Operating Group. Net profits and net losses of the Ares Operating Group entities are allocated to their partners (including Ares Management Corporation or its direct subsidiaries), generally pro rata in accordance with the percentages of their respective partnership units. The agreements of the Ares Operating Group entities provide for cash distributions, which we refer to as “tax distributions,” to the partners of such entities if the general partners of the Ares Operating Group entities determine that the taxable income of the relevant Ares Operating Group entity gives rise to taxable income for its partners. Generally, these tax distributions are computed based on our estimate of the net taxable income of the relevant entity multiplied by an assumed tax rate equal to the highest effective marginal combined U.S. federal, state and local income tax rate prescribed for an individual or corporate resident in Los Angeles, California or New York, New York, whichever is higher (taking into account the non-deductibility of certain expenses and the character of our income). The Ares Operating Group makes tax distributions only to the extent distributions from such entities for the relevant year are otherwise insufficient to cover such tax liabilities.

Subject to any applicable transfer restrictions and other provisions, these partnership units may be exchanged for shares of our Class A common stock as described under “—Exchange Agreement” below.

**Exchange Agreement**

In connection with the initial public offering, we entered into an exchange agreement (which was amended and restated in connection with our conversion to a Delaware corporation on November 26, 2018) with the holders of Ares Operating Group Units providing that such holders, subject to any applicable transfer restrictions, may up to four times each year (subject to the terms of the exchange agreement) exchange their Ares Operating Group Units for our shares of our Class A common stock on a one-for-one basis, subject to customary conversion rate adjustments for splits, unit distributions and reclassifications, or, at our option, for cash. A holder of Ares Operating Group Units must exchange one Ares Operating Group Unit in each of the three Ares Operating Group entities to effect an exchange for a share of our Class A common stock. Ares Management Corporation holds, directly or through its subsidiaries, a number of Ares Operating Group Units equal to the number of shares of our Class A common stock that Ares Management Corporation has issued. As a holder exchanges its Ares Operating Group Units, Ares Management Corporation’s direct or indirect interest in the Ares Operating Group will be correspondingly increased.
Firm Use of Our Co-Founders’ Private Aircraft

In the normal course of business, our personnel have made use of aircraft owned by Mr. Ressler and by Messrs. Kaplan and Rosenthal together. Messrs. Ressler, Kaplan and Rosenthal paid for their purchases of the aircraft and bear all operating, personnel and maintenance costs associated with their operation for personal use. Payment by us or certain of our affiliates for the business use of these aircraft by Messrs. Ressler, Kaplan and Rosenthal and other of our personnel is generally made at or below market rates, which totaled $793,500 during 2019 for Mr. Ressler, and $379,129 for each of Messrs. Kaplan and Rosenthal during 2019 with respect to their shared aircraft.

Co-Investments and Other Investment Transactions

Our senior professionals have the opportunity to invest their own capital in a particular fund. Co-investments are investments in a fund on the same terms and conditions as fund investors, except that generally these co-investments are not subject to management fees or carried interest. These investment opportunities are available to our senior professionals whom we have determined to have a status that reasonably permits us to offer them these types of investments in compliance with applicable laws. See “Item 1. Business—Capital Invested In and Through Our Funds” of our Annual Report on Form 10-K, filed with the SEC on February 28, 2020.

Securities of Publicly Traded Vehicles

From time to time, our managed funds, senior professionals and directors may have the opportunity to purchase securities of our publicly traded vehicles in connection with certain offerings made by such entities. During the year ended December 31, 2019, none of such entities, executive officers and directors (and their family members and estate planning vehicles) purchased such securities in these offerings. From time to time our executive officers and directors may also purchase the securities of our publicly traded funds in market transactions.

Statement of Policy Regarding Transactions with Related Persons

The audit committee and conflicts committee of the Board are charged with reviewing for approval or ratification all transactions with “related persons” (as defined in paragraph (a) of Item 404 Regulation S-K) that are brought to the audit or conflicts committee’s attention.

Indemnification

Our Certificate of Incorporation provides that in most circumstances we will indemnify the following persons, to the fullest extent permitted by law, from and against all losses, claims, damages, liabilities, joint or several, expenses (including legal fees and expenses), judgments, fines, penalties, interest, settlements or other amounts arising from any and all threatened, pending or completed claim, demand, action, suit or proceeding, whether civil, criminal, administrative or investigative, and whether formal or informal, and including appeals, in which any Indemneree (as defined below) may be involved, or is threatened to be involved, as a party or otherwise, by reason of its status as an Indemneree, whether arising from acts or omissions to act occurring on, before or after the date of our Certificate of Incorporation on an after tax basis: (a) each member of our Board and each of our officers, (b) each holder of record of our Class B common stock, (c) Ares GP LLC, (d) any person who is or was a “tax matters partner” (as defined in Section 6231 of the Code) prior to amendment by P.L. 114-74) or “partnership representative” (as defined in Section 6223 of the Code after amendment by P.L. 114-74), member, manager, officer or director of any holder of record of our Class B common stock or Ares GP LLC, (e) any member, manager, officer or director of any holder of record of our Class B common stock or Ares GP LLC who is or was serving at the request of any holder of record of our Class B common stock or Ares GP LLC as a director, officer, manager, employee, trustee, fiduciary,
partner, tax matters partner, partnership representative, member, representative, agent or advisor of another person or entity; provided that such a person or entity will not be indemnified solely for providing, on a fee-for-services basis or similar arm's-length compensatory basis, agency, advisory, consulting, trustee, fiduciary or custodial services, (f) any person or entity who controls any record holder of Class B common stock or Ares GP LLC and (g) any person a record holder of Class B common stock, in its sole discretion, designates as an “Indemnitee” (collectively, the “Indemnitees”).

We agree to provide this indemnification unless there has been a final and non-appealable judgment entered by a court of competent jurisdiction determining that these persons acted in bad faith or with criminal intent. Any indemnification under these provisions will only be out of our assets. We are not personally liable for, and do not have any obligation to contribute or loan funds or assets to the Board to enable it to effectuate, indemnification. We may purchase insurance against liabilities asserted against and expenses incurred by persons for our activities, regardless of whether we would have the power to indemnify the person against liabilities under our Certificate of Incorporation.
DELINQUENT SECTION 16(A) REPORTS

Section 16(a) of the Exchange Act requires the Company’s executive officers, directors and persons who own more than ten percent or more of its common stock to file initial reports of ownership and reports of changes in ownership with the SEC and to furnish us with copies of all Section 16(a) forms they file. To our knowledge, based solely on our review of the Forms 3, 4 and 5, and amendments thereto, with respect to their ownership and change of ownership of our Class A common stock filed during the most recent fiscal year or written representations from such persons that they were not required to file a Form 5 to report previously unreported ownership or changes in ownership, we believe that, with respect to the fiscal year ended December 31, 2019, all of our directors, executive officers and holders of more than ten percent of our common stock complied in a timely manner with all of the reporting requirements under Section 16(a) for such fiscal year, except for the following Form 4 transactions which were filed on an untimely basis: (1) a total of six transactions for Michael Weiner in fiscal years 2017, 2018 and 2019; (2) a total of four transactions for Ryan Berry in fiscal years 2018 and 2019; (3) a total of five transactions for Michael McFerran in fiscal years 2017, 2018 and 2019; and (4) a total of four transactions for R. Kipp deVeer in fiscal years 2017, 2018 and 2019, in the case of each such individual and transaction for the withholding of our Class A common stock by the Company in order to satisfy the minimum tax withholding obligations in connection with the vesting of our Class A common stock.
PROPOSAL 2: RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee, including a majority of the independent directors, has selected Ernst & Young LLP as the independent registered public accounting firm for the Company for the year ending December 31, 2020 and is submitting the selection of Ernst & Young LLP to the stockholders for ratification.

If the stockholders fail to ratify the selection, the audit committee will reconsider whether or not to continue to retain Ernst & Young LLP. Even if the selection is ratified, the audit committee may direct the appointment of a different independent registered public accounting firm at any time during the year if they determine that such a change would be in the best interests of the Company and its stockholders.

Ernst & Young LLP has advised the Company that neither the firm nor any present member or associate of it has any financial interest, direct or indirect, in the Company or its affiliates.

The Company expects that a representative of Ernst & Young LLP will be present at the Annual Meeting, will have an opportunity to make a statement if he or she so chooses and will be available to answer questions.

The Company engaged Ernst & Young LLP to act as its independent registered public accounting firm for fiscal year 2019.

AUDIT COMMITTEE REPORT

The audit committee is comprised of three independent directors and operates under a written charter adopted by the Board, a copy of which is available on the Corporate Governance page of the Investors section of our website located at www.aresmgmt.com. The Board has determined that each of Mr. Joubert, Ms. Bush and Dr. Olian is independent as independence is defined under the applicable section of the NYSE rules, and that each of Mr. Joubert, Ms. Bush and Dr. Olian is independent as independence is defined under Rule 10A-3(b)(1) under the Exchange Act. The Board has also determined that Mr. Joubert qualifies as an “audit committee financial expert.”

The primary purposes of the audit committee are to assist the Board in its oversight of (i) the integrity of our financial statements, (ii) our compliance with legal and regulatory requirements, (iii) the qualifications and independence of our independent registered public accounting firm and (iv) the performance of our internal audit function and our independent registered public accounting firm. In addition, the audit committee may review and approve any related person transactions.

As noted above, the audit committee assists the Board in appointing our independent registered public accounting firm, Ernst & Young LLP, which includes, among other things, reviewing and evaluating the qualifications, performance and independence of the lead audit partner responsible for our audit, overseeing the required rotation of the lead audit partner and reviewing and considering the selection of the lead audit partner. In appointing Ernst & Young LLP and the lead audit partner, the audit committee considered, among other things, the quality and efficiency of the services provided, including the results of a global internal survey of Ernst & Young LLP’s performance, the technical capabilities of the engagement teams, external data concerning Ernst & Young LLP’s audit quality and performance obtained from reports of the Public Company Accounting Oversight Board ("PCAOB") and the engagement teams’ understanding of our Company’s business. The audit committee and the Board believe that the continued retention of Ernst & Young LLP to serve as the Company’s independent registered public accounting firm is in the best interests of the Company and its stockholders and have recommended that stockholders ratify the appointment of Ernst & Young LLP as the Company’s independent registered public accounting firm for the fiscal year 2020.

The audit committee discussed the auditors’ review of our quarterly financial information with the auditors prior to the release of such information and the filing of our quarterly reports with the SEC. The audit committee also met and held discussions with management and Ernst & Young LLP with respect to our audited year-end financial statements.

Further, the audit committee discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 1301, Communications With Audit Committees, received the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the PCAOB regarding the independent accountant’s communications with the audit committee concerning independence and discussed with the auditors the auditors’ independence. In determining Ernst & Young LLP’s independence, the audit committee considered, among other things, whether Ernst & Young LLP’s provision of audit and non-audit services, and the amount of fees paid for such services, were compatible with the independence of the independent registered public accountants. The audit committee also discussed with the auditors and our financial management matters related to our internal control over financial reporting. Based on these discussions and the written disclosures received from Ernst & Young LLP, the audit committee recommended that the Board include the audited financial statements in the Annual Report on Form 10-K for the fiscal year ended December 31, 2019, for filing with the SEC. The Board has approved this recommendation.

This audit committee report is not deemed filed under the Securities Act or the Exchange Act, and is not incorporated by reference into any filings that we may make with the SEC.

Along with this proxy statement, the Company will provide to each stockholder a copy (without exhibits, unless otherwise requested) of its Annual Report on Form 10-K required to be filed with the SEC for the year ended December 31, 2019 free of charge upon written or oral request to the Investor Relations Department at Ares Management Corporation, 245 Park Avenue, 44th Floor, New York, NY 10167, Telephone: (800) 340-6597. Other than the financial statements incorporated by reference above, the Annual Report on Form 10-K is not part of the proxy solicitation materials.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement and annual report addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially means extra convenience for stockholders and cost savings for companies.

This year a number of brokers with account holders who are the Company’s stockholders will be “householding” the Company’s proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. If you have received notice from your broker that it will be “householding” communications to your address, “householding” will continue until you are notified otherwise or until you revoke your consent. We will promptly deliver a separate copy of these documents to you upon written or oral request to the Company’s Investor Relations Department at Ares Management Corporation, 245 Park Avenue, 44th Floor, New York, NY 10167, Telephone: (800) 340-6597. If, at any time, you no longer wish to participate in “householding” and would prefer to receive a separate proxy statement and annual report, please notify your broker. Stockholders who currently receive multiple copies of the proxy statement and annual report at their addresses and would like to request “householding” of their communications should contact their brokers.
